Promote Your Own Line of CBD Products!

EXPAND YOUR BRAND!

Custom CBD Formulations & Private Labeling

We offer a wide range of innovative CBD-based products, to help you expand your CBD brand. We are family owned, and have been in business for 24 years. We specialize in both natural products and in private labeling. We have low minimum run sizes, and a short 3-week lead time for production. We will even design your own custom label at no charge. Please give us a call today, and see how easy it is to expand your CBD brand!

CBD TINCTURES – BROAD SPECTRUM (1000mg CBD, Broad Spectrum Hemp Oil, No THC) 1 fl oz (30mL) Bottle

Our Broad Spectrum CBD oil is derived from USA grown hemp and undergoes a detailed extraction process to remove unwanted plant materials such as waxes and lipids. This proprietary process retains the beneficial components of hemp, such as CBD and other beneficial cannabinoids, while leaving zero THC. Our Broad Spectrum CBD formulation also contains MCT oil, to help increase CBD absorption.

CBD TINCTURES – ISOLATE (1000mg CBD Isolate, No THC) 1 fl oz (30mL) Bottle

Our CBD Isolate is derived from USA grown hemp. The extraction process removes unwanted plant materials such as waxes and lipids. It is then refined further, to remove all plant components except CBD. We use only pharmaceutical-grade CBD, with a purity level of 99.5% or higher. Our CBD formulation also contains MCT oil, to help increase CBD absorption.

CBD GUMMIES (1000mg CBD, Broad Spectrum Hemp Oil, No THC) 30-Count Bottle

Our CBD Gummies are formulated with Broad Spectrum Hemp Oil, which contains CBD and other beneficial cannabinoids, but without the THC. Our CBD Gummies are infused with the Broad Spectrum Oil, which provides consistent concentration levels of Broad Spectrum Oil in each Gummie, unlike other Gummies that have inconsistent CBD levels from Gummie to Gummie, because they have only been spray coated with Hemp Oil.

CBD SOFTGELS (1000mg CBD, Broad Spectrum Hemp Oil, No THC) 30-Count Bottle

Our CBD Softgels are formulated with Broad Spectrum Hemp Oil, which contains CBD and other beneficial cannabinoids, but without the THC. They are easy to swallow and preserve the integrity of the CBD Oil, by encapsulating it and prohibiting it to oxidize.

CBD VEGGIE CAPS (1000mg CBD, CBD Isolate, No THC) 30-Count Bottle

Our CBD Veggie Capsules utilize pharmaceutical grade CBD Isolate with a purity level of 99.5% or higher, derived from USA grown hemp. These easy to swallow capsules break down quickly in the stomach and offer a vegetable-based alternative to encapsulate the CBD.

CBD FACE & BODY CREAM (1000mg CBD, CBD Isolate, No THC) 8 oz Jar

Our CBD Cream contains a high concentration of pharmaceutical-grade CBD isolate, six super fruits, vitamins, antioxidant and emollients that help provide long lasting moisture. It has also been formulated to restore softness, hydration and elasticity to your skin.

*Our CBD products are
produced using cGMP and
FDA production standards.*
